INDEX FOR VOLUME VI July 1 to December 31, 1914

Note—Illustrated articles are denoted by an asterisk (*), book notices by a dagger (†). Titles are often abbreviated. They are indexed under their most important words, or, if no word be distinctive, under their first one (except "A," "The," etc.), or under some topical word not found in the title. Authors', geographical and other proper names are also used freely. In some cases references to subsequent discussion are appended to a writer's name.

Following is a list of the pages included in the several numbers of the volume, by date:
